This Sunday at CRBC ...

Have you ever wondered what God's plan for your life is? And how do you know if you are working His plan or just doing your own thing with a little religion sprinkled in? CRBC Pastor Danny Estave looks to Acts 18 to discover *God's Plan for You*.

This Sunday at 11AM, join us at CRBC or on YouTube.

God's Ability Is Stronger Than Any Disability

In the Spring 2022 edition of the Gospel Project, I (*Pat Daniele*) was reading the names of the writers and a snippet about them, and was intrigued to find the author of this month's introduction was someone from Raleigh. Daniel Ritchie is an evangelist, speaker, and author of several books. He has spoken both nationally and internationally to churches, schools, colleges, seminaries, corporations, and professional sports teams. I googled his name, and quickly realized just how unique Daniel is, and the many obstacles he has overcome by the goodness and grace of God.

It all started 37 seven years ago when a delivery room doctor held up Daniel's lifeless body and asked his father, "Do you want us to let him go?" His father's bold reply was "do whatever it takes to bring him back!" No one knew that Daniel would be born armless. The doctors worked on him for several hours before bringing him to his mother, who had neither seen nor held him. She heard the joyful noise of his crying. His parents were told how hard it would be to raise him, and how he would never be able to attend regular school and do things like other children. Regardless, his parents decided to treat him like a normal child and he quickly learned to play with his Legos and Hot Wheels using his feet. Daniel learned to write, open doors, and eat with his feet. But as Daniel grew older, going to school became increasingly difficult; he became depressed and withdrawn as he entered high school due, in part, to being mocked and harassed for his disability. Always living with determination, Daniel persevered; he tried out for the football team and became a contributing member on the field. Amazingly, he learned to use a credit card to pump his own gas... all with his feet.

Daniel spent a lot of his early life feeling like he was a hopeless mistake, woefully insufficient to lead a full life. But Daniel's pastor was able to explain to him how much God loved him, that he was not a mistake, but was "fearfully and wonderfully made." It was then that 15 year-old Daniel accepted Christ as his Lord and Savior. One year later, Daniel realized God was pursuing him and he submitted his life to full-time ministry. God began to open doors for him to speak across the South. He graduated from *The College of Southeastern* in Wake Forest and has served as a youth pastor. Two decades have passed since Jesus radically changed his life, and today, he is married, has two children, and enjoys life to the fullest. He is very thankful his father told the doctor to do everything possible to save his son.

I will praise You, for I am fearfully and wonderfully made.—Psalms: 139:14

Daniel's message is simple: God can fix broken things and unlikely people. The words that matter to him are from God, not hurtful ones from mankind. God didn't give him two arms; instead, he was given two gifted feet. His disability was overcome by his ability to trust and depend solely on our Living Lord. God does not need our limbs, He only needs our contrite heart. God can, and does, use everyone for His purposes, with or without arms.

The Numbers from Sunday

Last Sunday morning there were 36 in worship. Tithes and offerings for the week totaled \$2,600. Thank you!
